

Upcoming Training on PT6 Engines April 2011

United Turbine is offering a 2 day training seminar on PT6 engines. This training will cover engine description and operation, oil, air and fuel systems, and will conclude with a troubleshooting discussion.

This training is intended for field mechanics, pilots and maintenance managers. For information and reservations, please contact us at (305) 885-3900 or visit us at www.unitedturbine.com

PT6A Small

Come see us at these events in 2011:

- RACCA Spring Conference, May 4th-6th, Scottsdale, AZ
- NBAA Annual Meeting and Convention, October 10th-12th, Las Vegas, NV

Don't Lose the Opportunity

United Turbine is offering free Air Freight, both ways, to all new customers for engines sent for Repair/Overhaul before June 2011

Fuel Nozzles and Hot Sections

United Turbine offers 24 hour turn around time on hot sections and fuel nozzles flow and recertification. In most cases we can get your fuel nozzles back to you the same day!

United Turbine Will Soon Be ISO Certified

United Turbine has started its certification process for ISO 9001-2008 under the program of ISO Quality System, Inc.

The training will last until June 2011 and will unify our quality system, forms and procedures with the internationally accepted ISO 9001. Our interest is to approach our company to overseas customers that require this implementation and increase the overall efficiency of United Turbine and passing the savings to you, the operator.
